FOR IMMEDIATE RELEASE

Interstate 580 Richmond-San Rafael Bridge Emergency Repair Update *Expansion Joint Repairs to Start Overnight for Two Weeks*

Contra Costa/Marin Counties – Caltrans' contractor will begin the permanent repair work to replace an expansion joint on the I-580 Richmond-San Rafael Bridge on Tuesday, February 19 starting at 9:00 PM through 5:00 AM.

The expansion joint replacement project is planned for two weeks of overnight work shifts, from 9:00 PM to 5:00 AM, Monday through Saturday, with minimal impacts to traffic expected. All work is anticipated to be completed within two weeks after the start date, weather permitting. One lane of traffic will remain open in each direction. Tonight, between 9:00 PM and 5:00 AM, construction crews may close one lane to access the area to provide further details for the expansion joint replacement project.

"The Richmond-San Rafael Bridge remains safe," said Caltrans District 4 Director Tony Tavares. "Caltrans is committed to safety while maintaining connectivity to this thriving region in the Bay Area."

Travel information is available on Caltrans QuickMap: <http://quickmap.dot.ca.gov/> and 511.org.
